CITY TRUSTEES

A Good Budget of Business Transacted—Bonds Sold—Street Improvement Bids Opened

All members present except Mr. Lane, who is still on the sick list.

A communication was received from Joseph De Grace complaining of damage to his property by reason of the marshal's burning weeds; laid over until next week. A communication was received from Chris E. Warren offering his services as an expert in municipal matters; no action.

Bids were opened for the improvement of Dryden and Campbell streets, Doran and Central. Bids were read from W. McCombs, Richard Rothwell and F. R. Sinclair. The bid of Peter L. Ferry, being received five minutes after the advertised time, was ruled out by the city attorney. All were referred to the city engineer. Trustee Thompson recommended that the bid of W. P. Jeffries for printing fifty five bonds at \$60 be accepted. He stated that the low rate of interest and the large number of bonds offered on the market accounted for the fact that so few bids had been received for the bonds; recommendation adopted.

The clerk reported that William R. Staats & Co. had agreed to take the \$5,000 street improvement bonds at par and accrued interest. On motion of Mr. Thompson, the sale of \$20,000 fire apparatus bonds was authorized to be made to Staats & Co. All bids for street building bonds were rejected. The sale of bonds to Staats & Co. by private sale at par and accrued interest was then authorized.

The chairman of the board reported on the meeting had the previous week with Pacific Electric officials in regard to grade and track lowering on Brand boulevard. The railroad people estimated the cost of proposed improvements at \$100,000; they would make reply to the request of the committee at an early date. The city engineer was instructed to take the matter up at once with the railroad engineer and to propose an ordinance establishing a grade there.

The president of the board, building inspector and street superintendent were authorized to ascertain if a septic tank can be arranged for in the block bounded by Brand boulevard, Broadway, Fifth and Maryland avenue. The marshal was allowed \$7 for taking Watson B. Pitzer to the insane asylum.

On motion of Trustee Coker, a resolution passed in regard to fire hydrants. An ordinance to regulate delivery of newspapers, handbills, etc., passed final reading and was adopted. An ordinance establishing grade of a portion of Brand boulevard was adopted. The clerk reported that the health officer and himself had examined the cesspools in Verdugo canyon and found them in good condition.

The street superintendent was instructed to have fountain repaired at Brand and Broadway.

BARTLETT'S PIANO SALE GOES LIKE A WHIRLWIND.

Fifteen happy customers, fifteen homes made brighter, fifteen fine pianos sold in Glendale in six days. That's the record of the big Advertising Piano Sale now being conducted by the Bartlett Music Co. at the Glendale House Furnishing Co.'s store on Brand boulevard. The Bartlett Co. assures us that this makes a new record for anything of the kind ever held in a town the size of Glendale. If any one should ask down at Bartlett's "What's the matter with Glendale?" a mighty chorus would go up, "She's all right!" But the prices and terms on standard goods by a recognized house has something to do with the case. Piano buyers please take notice. These sales also testify to the value of the local papers as advertising mediums.

TUESDAY AFTERNOON CLUB.

Federation Day was observed on Tuesday by the members of the Tuesday Afternoon Club. Mrs. Josiah Evans Cowles was speaker of the afternoon. Mrs. Cowles is a former national first vice-president of Women's Clubs, and her address, "Keeping Step," was most ably given, showing the manner in which women are more assuredly keeping step with the general progress of the times.

Miss Emma Pulliam rendered several charming piano solos. A short but interesting business session was conducted by the president, Mrs. E. R. Chase.

The next meeting of the Tuesday Afternoon Club will be Education Day, held on the afternoon of February 11.

Mr. and Mrs. D. E. McDanel of 1443 West Fifth street have returned from Los Angeles, where they have been for several weeks because of the serious illness of Mrs. McDanel's father, who was run down by an automobile on December 27. Her father is now out of danger and is improving as rapidly as can be expected.

The meetings of the B.Y.P.U. are growing in interest and attendance. Last Sunday evening the south parlor was nearly filled with young people and a profitable hour was passed. Initiatory steps have been taken toward the organization of a Baptist Brotherhood.

The first sermon in the series of Sunday evening addresses on "Things Questionable and Unquestionable" attracted a large attendance. The second one in the series will be delivered next Sunday evening when the subject will be "Covetousness." The special music and congregational singing help to make the Sunday evening service one of the most delightful and helpful. Next Sunday morning the ordinance of the Lord's Supper will be observed, following a short sermon, when the right hand of fellowship will be extended to new members. ST. MARK'S EPISCOPAL CHURCH.

The church supper given by the ladies of St. Mark's Guild last Thursday evening was a perfect success. The choir of fourteen young people is furnishing excellent music under the direction of Prof. Moore. We believe no better music is furnished by any church choir in the city, and it adds materially to the beauty of the service. So with good music, robed choir, and Processional Cross we have a very churchly service. Dr. Mills last Sunday preached the second half of his sermon on "Character Building." The congregations are increasing constantly in size. The church choir was delightfully entertained at the home of Mr. and Mrs. Provolt a week last Saturday evening, and will be entertained again this week Saturday night at the home of Mrs. Matthes at the home of Mr. and Mrs. J. F. McIntyre of 315 Cedar street. The church building is being moved this week from its old location on Broadway and Isabel streets to the new lots owned by the church on the corner of Fifth and Louise streets opposite the Union High school. It is proposed to use the present building until after Easter when the building will be enlarged to twice its present size. It is proposed also to put a basement under

The present building to be used as a guild hall, Sunday school room, etc. The present building will be placed in the center of the three lots, leaving the inside one for the rectory, and the outside one for the new church building which we trust will be worthy of our church and of pride to the city. When the new church is built the present one will be used as a parish house for entertainments, etc. As it is not likely that the church will be in condition to use next Sunday, notice is hereby given that there will be a service of the Holy Communion held in the present guild hall, 431 Isabel street, at 7:30 a. m., Sunday, Feb. 2, and that the Sunday school will be held in the same place at 9:45 a. m. There will be no eleven o'clock service held on that day, and the members of the choir and congregation will have the privilege of visiting other churches. We trust however the following Sunday we will have our own services. During Lent we propose to hold Lenten services on Wednesday afternoons and Friday evenings. Of these services further notices will be given.

THE BRAND BOULEVARD MATTER

Committee and City Representatives Meet Mr. Shoup—The Present Status

Wednesday of last week the meeting of the citizens' committee and Mayor T. W. Watson of this city with Mr. Paul Shoup of the Pacific Electric Company at the latter's office occurred. City Engineer Lynch was also present, and the representative of the railroad company's engineering department. Mr. Mattison B. Jones of the committee presented the case to Mr. Shoup. The things asked for by the committee were the following: First, the lowering of the grade between Second and Sixth streets and the improving of the railway right-of-way to conform with the rest of the street; second, the opening of Seventh and Chestnut street crossings; and, third, the lowering of the entire track on Brand boulevard within the city limits to a grade to be agreed upon. Mr. Shoup stated that to pave the whole length of the right-of-way would cost the company \$100,000; that the company is disposed to do everything that is right, and recognizes the desirability from the citizens' standpoint of the things requested, but that the railroad is compelled to consider as a private individual and before these improvements can be made they will have to see where the money is coming from. He stated that it should be remembered that all of Southern California is experiencing a remarkable growth, and that many communities are asking the railroad company to do things which are naturally desirable, but that immediate action is not always possible. Mr. Watson requested that Mr. Shoup instruct his engineer to take up the matter of the grade with Mr. Lynch to be worked out between them, which was readily acceded to, and that will be done at once.

Later, Mr. Watson said to a reporter, referring to statements made to the effect that the trustees had been dilatory in this matter, that, on the contrary, the city officials had been working along these same lines for something like two years, and felt that some progress had been made. The things asked for by the petition presented to the trustees in November had been the same that the trustees had been bending their efforts to secure for several months. Later it was learned that the matter was first taken up by the trustees when Mr. White was president of the board, in March, 1910, both in person with Mr. McMillan and by letter formulating the things desired. It was shortly after this time that curbs were taken out and certain crossings graded. In August of last year Mr. McMillan had instructed his engineer, Mr. Johnson, to co-operate with Mr. Lynch, and at that time the same proposition was put up to the company by the trustees as is now made. In September last Mr. Watson and Mr. Lynch met Mr. Shoup at his office, at which meeting Mr. Shoup requested a letter covering the subject, which was written, and a reply received, and later Mr. Shoup came out and looked the situation over. After this, Messrs. Watson and Lynch again called on Mr. Shoup, the result of that call being the visit of Mr. McMillan to the meeting of the trustees in December last, at which time the citizens' committee was appointed. This seems to cover the situation up to date.

DAVID FILGER.

The Minkon Dispatch of Jan. 16th has come to hand with a full account of the last services over the body of Mr. David Filger and a sketch of his long and useful life in that place. Mr. Filger was a veteran of the Civil war, former commander of the local post, former mayor of the town and a member of the Masonic order under the auspices of which the funeral was conducted.

By his will he leaves the city of Minkon the sum of \$20,000 for a public library and also gives \$5000 to the M. E. church of that place. His valuable property in Illinois, consisting in part of a fine 160-acre farm and the residence in Minkon, is left to his niece, Miss Stella Filger. His property in Glendale, Cal., is left to his niece, Mrs. Ollie Petersen, at whose home on Adams street Mr. Filger died.

RAILROAD EXTENSION

Further Interesting Developments Promising Much for Glendale—Details Uncertain, but the Outcome Reasonably Sure

The committee appointed by the Chamber of Commerce some months ago to keep in touch with the Pacific Electric officials and push the matter of the extension of that company's line through the eastern portion of Glendale, continues to be active. They have frequent interviews with Mr. Paul Shoup and are confident that the problem will be worked out successfully in a short time.

It is a mistaken idea to suppose that it is a question of inducing the railroad people to build another line into Glendale. On the contrary the inducement naturally exists and although the inner workings of the minds of the guiding powers in railroad circles are not bared to the eye of a curious world, it is a reasonably sure thing that those powers desire to do the thing that citizens of Glendale naturally wish in regard to better railroad facilities; in other words, for more reasons than one they want to run a line through that portion of Glendale where there still remains some acreage and they do not want it to be too near the Brand boulevard line. For this latter reason they have expressed a desire for a right of way along the Childs tract (east of Adams street) and have stated that when this is furnished they will go ahead with construction. As stated some weeks ago the intention for the present is to build to a point approximately half a block either north or south of Broadway, near the school house, then turn westward and come to Glendale avenue. Arrived at this point the company will have a belt line via Broadway to Brand boulevard, and on the north by way of the present Eagle Rock-Glendale road to Verdugo Canon.

This accomplished, the matter of further extension to La Crescenta and La Canyada will be a simple problem to be worked out at leisure.

The principal delay at present seems to be caused by the difficulty of securing a right of way westward from the Childs tract to Glendale avenue. North of Broadway it is considered impracticable and on the south side while much simpler, it still presents some difficulties. No question of bonus has been raised and it is thought none will be asked, but the citizens will probably be required to give the railway company a free right of way.

The activity of the Holms Walton Co. at Crescenta in building up the town of Montrose, is thought to be one of the factors to be taken into consideration in figuring out the probabilities of railroad extension. It is improbable that this project is going ahead without assurance from the powers that be in railroad affairs that that point will be reached by an electric railroad in the near future. The ownership of the Glendale Eagle Rock road through Glendale is a matter of speculation to the general public, but there are circumstances pointing to the Pacific Electric Company as back of Mr. Hartranft. Altogether there are so many wheels within wheels in this matter that when the final outcome is developed there is no doubt but that it will be rather interesting and everything points towards a development of railroad facilities and other projects backed by big interests that will be of immense value to Glendale—projects which will make the city a bigger spot on the map than the majority of its citizens have yet dreamed of.

THE SCHOOLS

Schools Overcrowded—25 Per cent.

Increase in a Year—Meeting Called to Consider Question

Everybody in Glendale knows that the community is growing rapidly and that new home builders are coming in every day, but it will probably surprise many people to be told that the attendance at the graded schools has increased 25 per cent. over last year. This indicates an increase of that per cent in our population and means that in four years the number of our people will have doubled if the same ratio continues to prevail, and to count on this is conservative. The total enrollment of all the graded schools of Glendale City at this time is 1100 as against about 800 last year. This year the average attendance is about 1000, last year it was about 700. Last year there were 27 teachers employed in the four schools, this year 31. The pupils are distributed as follows: Intermediate school, 200; Sixth St., 270; Broadway, 280; Remington, 350. The intermediate school only built last year is already full, every room including the auditorium being occupied. Several rooms have over 50 pupils, which is about 15 above the number generally accepted as proper for effective work. The trustees have postponed the meeting called for this week until Thursday evening next, Feb. 6th, when the patrons of the schools and citizens generally are requested to be present at the intermediate school building at 7:30 p. m. and decide what is best to do to meet the situation.

Prof. A. M. Brooks is to act as one of the judges at the Whittier-Anaheim debate to be held in the Whittier high school tonight (Friday.)

Mr. G. P. Hill, graduate of Wichita university, succeeds Stewart O. Samuels as teacher of agriculture and arithmetic in the intermediate school.

CHAMBER OF COMMERCE MEETING

Holds Annual Meeting and Elects Officers—Campaign for Members to be Inaugurated

The annual meeting of the chamber of commerce for the purpose of electing officers, was held Friday evening of last week at Odd Fellows hall and was attended by a cheerful set of boosters who proceeded to do business promptly and with an evident intention of making this institution for the coming year a success. In the absence of the president, Mr. E. U. Emery, the vice president, Mr. A. B. Heacock, presided. A committee was appointed on nominations which brought in the following recommendations: which were unanimously adopted. For president, Mr. A. B. Heacock; vice president, J. N. McGillis; secretary, W. B. Kirk, with a list of twenty directors. None of the newly elected officers seemed anxious to obtain the positions, but in making their speeches of acceptance all promised to do their best to build up the chamber and make it what it should be, an instrument for the upbuilding of the whole city irrespective of any sectionalism. Several members also spoke along these lines and a spirit of enthusiasm prevailed which was indicative of the best results for the coming year. The retiring officers were not candidates for re-election and were thanked by a resolution which was passed by a unanimous vote.

On Monday evening a meeting of the executive committee was held and the following members of the new committee were appointed to serve for the coming year: A. B. Heacock, E. U. Emery, J. N. McGillis, J. H. Fowler, W. R. Pheasant, P. Harrison, Herman Nelson. Arrangements were made to compensate the secretary for his services and as he is generally known as a "live wire," it is expected that his work will be productive of results. The success of the chamber however will depend upon the community at large and not upon the officers and the new members of the executive committee. As has been stated in the NEWS before, more than once, every other city of our class in Southern California has a successful chamber of commerce; is there any good reason why Glendale should not have one of the best? Boost brothers, boost!

Dr. and Mrs. Nathaniel Green of 120 East Ninth street presided at a most delightful weekend dinner party given in honor of Madame Castillo of Los Angeles and Madame Walker of Boston, sisters of Madame Nordica. Covers were arranged for Signor Castillo, Mr. and Mrs. Spencer Robinson, Madame Alberta Janson, Mr. C. A. Nolte, Miss Hilda Nolte, Miss Veona Nolte, Miss Florence Lillian Verce, Miss Pauline Carlos, Mr. Leon Sonntag, Mr. G. Worth, Miss Julia Robinson, Miss Jean Robinson, Miss Frances Green, the honor guests and the host and hostess.

N. H. Cassell of 1636 Ruth avenue, recent arrivals from Hood River, Oregon, have bought the story and a half residence on Kenwood north of First street, Glendale, for a consideration of \$4000.

A. A. Schoenfeldt of Ruth avenue has sold to Mrs. Van Struim the residence at 1616 Ruth, and to Mr. Todd the property at 1620 Ruth avenue, accepting as part payment the property at 1605 Ruth. The various families have settled in their new locations.

J. Frankfield of Los Angeles has sold to Mrs. Emma Klein of Casa Verdugo, the northwest corner of Brand boulevard and Stocker street, 60x220 feet, for a consideration of \$2000. Mrs. Klein is having plans drawn for a fine residence to be erected thereon at an early date.

Miss Clara Peterson and Mr. Chas. F. Priest of Casa Verdugo surprised all their friends on their return from San Diego, first of the month, that they were parties to the tying of the matrimonial knot in that city Jan. 1. They are now at home at Mr. Priest's residence, North Central avenue.

Chas. F. Richter has increased his holdings in Mountain avenue at the end of Brand boulevard by the purchase from Mrs. Nellie Komerling of 100 feet adjoining his present frontage of 120 feet. Upon this site his new Italian renaissance, red-tiled roof residence will soon be erected.

Plans for one of the show places of North Glendale are under way by a leading figure in the Huntington corporations, to be located on the east side of Brand boulevard opposite Arden avenue and comprising some three acres of grounds.

Section 2. Any person, firm or corporation violating any of the provisions of this ordinance shall for each and every violation thereof be deemed guilty of a misdemeanor, and upon conviction shall be punished by a fine of not more than two hundred dollars or by imprisonment in the county jail for a period of not more than one hundred days, or by both such fine and imprisonment.

The dog poisoner who gets in his diabolical work at intervals in all communities, has been operating in Casa Verdugo. As usual, the most valuable dogs are the victims. The list includes Crawford's fine Collie, Balthis' well-known Irish Setter, Dyer's Bull Terrier, and a fine Irish Setter on Kenneth road. Crawford's Collie "Ted" came home and beseeched help. Jim Crawford and R. C. Sternberg made heroic efforts to save Ted's life, but without success. The end of this dog was most pathetic.

The county ordinance relative to the placing of poison is as follows: "The board of supervisors of the county of Los Angeles do ordain as follows: Section 1. No person, firm or corporation, directly or indirectly, shall place or leave any poisonous substances exposed in any place accessible to birds or domestic animals, unless such poisonous substances shall be of such a nature that birds and domestic animals will not eat or attempt to eat the same, or any portion thereof.

Federated Brotherhoods

A largely attended meeting of the men of Glendale was held Thursday evening in the Wilson Block for the purpose of uniting the men of the valley in a movement for civic cleanliness. A large muslim sign with the motto of the organization, "A Clean City Kept Clean," was tacked to the wall.

A banquet was served by the ladies of the Methodist church, and after that was disposed of, the meeting was called to order by Mr. Harry L. Howe, who stated the objects of the meeting and introduced as the speaker of the evening Mr. Nathan Newby, of Los Angeles, whose address aroused much enthusiasm.

After the address a constitution was adopted and the meeting adjourned after giving an opportunity to those present to become members of the new organization. Your correspondent was not able to learn the number who joined, but judging from the interest displayed, all present must have done so.

Mr. Harry L. Howe was elected president of the organization. This meeting was the outgrowth of a preliminary meeting held about two weeks ago in the Presbyterian church, at which time committees were appointed, and the meeting Thursday evening was the outcome. About 200 men were present at Thursday night's meeting.

Miss Nona Thomas of Ocean Park is visiting at the home of her sister, Mrs. William Kirkby of Glendale avenue.

WEST GLENDALE

Initiation at the I.O.O.F. hall next Monday. Glendale Lodge. All members attend.

Dr. E. H. Thompson's new hospital at Burbank is now completed and an opening will take place in about two weeks.

The Ladies' Aid Society of the West Glendale M. E. church will hold a meeting at the chapel Thursday afternoon, Jan. 30.

Mr. Cleland and family arrived from Pittsburg, Monday morning, and are stopping with their mother and brother, at 1526 Ivy street. They expect to remain here.

The Glendale union carpenters will hold an open meeting at the Odd Fellows hall, 660 Broadway, next Tuesday evening at 8 o'clock, and will be glad to meet all carpenters.

A six-room parsonage, which will be modern in every respect, is being built for the West Glendale M. E. church. The construction is now under way by C. W. Spickerman.

Mrs. Dael Kelty, sr., who has been seriously ill at her home, 1564 Ivy street, for the past two weeks, is greatly improved, although still confined to her home.

Mr. George Cleland of Johnstown, Ohio, is one of the late comers to Glendale, and expects to remain. He is stopping at present with his brother, Mr. John Cleland of 1526 Ivy street.

Mr. Allen Gibson of Iowa has purchased the residence of Mr. C. W. Spickerman at 1445 Hawthorne street and will take possession soon. Mr. Spickerman has rented a cottage at 524 Louise street, where he and his family will live until he has time to build another home.

Mr. and Mrs. A. C. Pitt and Mrs. and Mrs. Hartley enjoyed Sunday in Griffith Park. The party took their dinner and cooked it on the range on the picnic grounds, helped themselves to water from the natural spring, and thoroughly enjoyed the day, which was an ideal one.

Miss Cora Goodell of 1015 Lomita avenue is improving her property on Seventh street with a two-apartment bungalow, which she expects to have ready for renting in a short time. She is also having the old building on Sixth and Louise torn down, and the others put into good condition, which will improve the looks of that corner.

The supper which was given by the men of the West Glendale M. E. church on Thursday evening, January 23, was a great success both socially and financially. All who were fortunate enough to be partakers of the feast want them to "do it again." Rev. Mr. Walton, who is a very clever impersonator, entertained with selections from Mark Twain and other authors.

Mr. Putnam, an artist of Los Angeles, is having a six-room residence built on Chestnut street, near Glendale avenue. The plan was drawn by Mr. Putnam, and is well suited to the needs of his family and himself. A very interesting feature is the large living room, which contains a fireplace seven feet wide. French doors open from the living room into an enclosed brick porch at the side. The house, which will cost \$2,500, is being built by C. W. Spickerman.

Mr. and Mrs. D. Schull of Omaha, Neb., who are wintering in Los Angeles and enjoying the sights of the different towns, spent Sunday with J. O. Elliott and family. Mr. and Mrs. Schull spent last winter in Los Angeles and as this visit is their second one, it isn't unlikely that the third one will prove the "charm." Mr. Schull is an uncle of Mr. Elliott, and although over 70 years of age, is hale and hearty and as spry as a young man.

On Friday last, Mrs. Miner was completely taken by surprise by the members of the Muskegon Club, of which she is a member, coming in a body to her home on Sixth street, about 30 strong, and bringing with them a bountiful supply of good things to eat. It is a saying of the hostess that "nothing was a surprise to her," but when she collected her senses a little she took it all back. Mrs. Miner was presented with a handsome electric reading lamp and several other tokens. A very enjoyable afternoon was spent.

REMINGTON STREET SCHOOL.

P. T. A.

The Parent-Teacher meeting of the Remington street school was held at the building on Thursday, January 23, and was attended by over eighty mothers, every available seat was occupied. The speaker of the afternoon, Mrs. Mary Garrett, introduced by the president, Mrs. E. D. Yard, took as her subject, "The Yellow Dog," which proved a most helpful talk. Rev. Walton of the West Glendale M. E. church, who was at one time a professional elocutionist, was present and gave two readings, much to the delight of all. A former pupil of the school, Miss Barbara Mitchell, very kindly rendered two humorous readings, and was greeted with hearty applause. At the close of the afternoon a social hour was enjoyed and refreshments were served.

The pupils of the third and fourth grades are to be complimented on the musical numbers rendered by them. They were excellently trained by the musical instructor, Miss Foster. The fourth grade with Miss Jackson as teacher, was awarded the picture this month, having the largest percentage of mothers present.

The school now has an enrollment of 320 scholars, new ones coming in all the time.
